The Council of Elders

Momentous days are ahead for the pupils of our school. These days will be filled with problems of readjustment of the school to post war conditions and with problems of expansion of school plant, instructional equipment and materials. Most important of all will be the need to make adjustments according to the most helpful and modern practices in education.

It is to these problems that the Board of Education is constantly addressing itself. Upon the shoulders of these men rest the responsibilities for formulating the policies which determine the course our school is to follow. We wish to congratulate them on having so successfully piloted us through the difficult years of war and wish them success in the years that lie ahead.

SACHEM—Supervising Principal

When Mr. Paul Kurtz left his position at Bellwood-Antis three years ago, Mr. Weiss became acting supervising principal having already had nine years experience as assistant supervising principal.

He graduated from Nazareth High School and from Allbright College with a Bachelor of Arts degree. Mr. Weiss also has a Master of Science degree from Pennsylvania State College. Before coming to Bellwood-Antis, he taught and was principal of the Bethel Township School at Warfordsburg, Pennsylvania.

Mr. George D. Weiss

George D. Weiss

Our congratulations and best wishes go to the young men and women of the class of '46 for having achieved this mile post in their educational career. Your educational journey, thus far, has been made through epoch-making days. Your exit from public school days and entrance into either the problems of life or the problems of further education is made at a time when the world is leaving one great epoch and entering another. Your individual problems will, therefore in a sense, coincide with those which the world at large faces. The members of the class of '46 will be growing up with the age in which atomic problems must be solved. It is necessary for you, in a certain sense, to adapt yourselves to this new age, but in a broader sense, you must mould this new age to meet your needs and those of your fellowmen. This will be a difficult task, but with the proper attack and the proper outlook, you and millions of others, who are beginning to take your places in the world of work, will not likely find it impossible. The best wishes of your elders go with you.

Mrs. Grace S. Cole

ASSISTANT SACHEM—Principal

Mrs. Cole, acting high school principal and manager of the cafeteria, was previously head of our home economics department.

A graduate of Altoona High School and Bucknell University, Mrs. Cole took graduate work at the University of California. Prior to coming to Bellwood-Antis, she taught in Altoona High School for several years.

The Senior Tribe of '46

'Twas in Indian Summer of '44 that heap lot of young maidens and braves first met and organized. Mrs. Sunderland, Miss Lehman, and Miss Miller kept counsel over the tribe, while Robert Love was chosen leader, with Wilma Park assisting. Mardell Markley kept the records of pow-pows, Robert Shirk handled wampum—some job! When warrior Love left in mid-year, maiden Park filled the vacancy and George Cody became second chief.

Activities of this Junior season included a big war dance called "Barnyard Scratch", and bake sales. Held queer party where palefaces slid around big floor on wheels—much fun if you don't sit down quick! With spring came the annual dance in honor of Senior Tribe of '45. Braves and maidens wore best fuss and feathers, had much fun! Wigwam fixed up fancy for grand ceremonies—heap big success!

Though tribe ordered rings in '44, not gettum 'til Senior season. Much excitement when they come. Also in first moon of Senior season, tribe met again, chose new leaders. This time picked brave Cody as leader, James Taylor as assistant chief, and Eugene Everhart as second assistant. Mardell Markley still jotted down records and tended to business affairs; Jack Kustaborder now took charge of wampum. Squaws Sunderland and Doran become new counselors of tribe. Pretty smelling Posy called American Beauty Rose selected as flower, royal blue and white as tribal color.

Big aim of clan was to take long journey—make trip to Washington, D. C. Worked hard to get wampum for journey. Sold candy and pop at games where braves kick ball around fields and where ball is thrown into baskets in big tepee. Also held big formal dance to celebrate Santa Claus season. Danced to music of Joe Knepper's Tom Beaters. Big night for all!

Name cards, announcements, and other activities filled happy moons of this year. Tribe held big annual play on stage, named "The Mad Hatters." Many, many pale-faces came to see play—it keepum in stitches, was heap big success. Then came very busy days. Hope to have dreams of big trip come true. Maybe will, maybe won't. Then at last came day when we went through final ceremonies and tearfully broke up tribe. So ends this account of the Tribe of '46. What will become of it? Who knows!

The Junior Tribe of '46

On September 5, 1945, heap big crowd of Injuns from reservations far and near came to valley of Bellwood in mountains of Pennsylvania, to gather for winter stay. In first few moons Junior Warriors stirred up one continuous war dance for nine moons to elect head tribe leaders for the ensuing year. The sod was really kicked up when seventy-nine happy Injuns beat out war on their tom-toms. Then, on the ninth moon following, September 14, 1945, tom-toms stopped when fearless, brave Chief Patton came to the head of the tribe and Injuns then voted for Moonbeam Moryken to serve in Chief Patton's place, should he be afflicted with evil spirits. In real Injun language, Brave "Write-em-down" Campbell kept account of war dances, feasts, and the like. Expecting a prosperous year, they secured a reliable wampum keeper, "Hiawatha" Cherry.

Many moons later, on October 26, Chief Patton called second meeting and had heap big war about tribe rings, but finally smoked peace pipe and all was settled. Tribe rings arrived February 15.

Several moons later, Chiefess Irwin left to become Squaw, so Big Chief Marsh come back to the old reservation from fleet and carried on with Little Chiefess Crum as advisors.

Injuns looked over tribe and elected representatives to Student Council—Maiden Moore, Maiden Moryken, Brave Woodhall, Brave Campbell, and Brave Raugh.

At the next meeting there wasn't any wampum, so Injuns paid taxes for year and started to collect wampum. A big time was wanted so had big movie on December 11 and 12. Yes! Funny staff on screen but much wampum gathered.

Still later we had a funnier party. All Injuns hit trail to Bland's Park; put metal things on feet and glide-em 'round floor. Big time—Some fun!!!

On February 22 all maidens and squaws made vegetable soup and sold it to other tribes.

Quiet times come again! Then heap big bang!! Time to sow corn, so Braves and Maidens held "Junior Spring Skip" on second moon of March. Braves wore best feathers and maidens fix-em-up nice. Tom-tom players came, and lots to eat.

The moons between this were very busy. When snow stopped and sun started to shine, Junior Warriors held big peace dance on May 10—"Junior Prom". Decorations were so pretty you'd think you were in "Happy Hunting Grounds."

Our tribe is well represented in other organizations. Many braves play football, basketball and track; many maidens and braves play in tribe band and orchestra—still more sing in tribe chorus.

Winter stay is almost over so happy Junior Warriors are starting to think about next winter stay, when, with plenty of wampum, we hope to hit trail to government grounds in Washington, D C.

Sophomores

On September 5, 1945, the Sopho-Sioux began the second year of their long trek to graduation. They proceeded, as customary, to initiate the Freshman tribe. This was one of the wildest war parties that occurred around the B. A. Campus. The Sopho-Sioux and other tribes pursued the Freshman from tepee to tepee. Their only weapons were flashing lipstick tomahawks. The maidens looked very wahoo, wahoo!

The Sopho-Sioux supported many pow-wows around the school by attending the big war dances held in the large tepee at the south end of the school.

Not only do they patronize the war dances, but they assist in many other activities conducted for the benefit of the school.

Good luck, Sopho-Sioux, and continue your good work during the next two years until graduation.

*Best of Luck

Around the B. A. campus,
 The Freshman warriors roam,
 Two years ago they joined us,
 And now they call it home.

Braves and maidens with painted faces,
 Voicing our war-whoops of former years,
 Charged thro halls and other places
 Reminding us of days held dear.

To your chief, great credit is due,
 In classroom and on field.
 The next three years are up to you
 To decide what they will yield.

O Freshman tribe, so brave and true,
 Of the B. A. Reservation,
 Our heartiest wishes go out to you
 For success in your chosen vocations.

The maidens and braves had lots of trouble getting started the first moon. Due to the paper shortage, we couldn't find any chief to print the news. Finally, Squaw Dick called the tribe in council where many plans were made. We found we needed more wampum, so "Paleface" Evans got more ads. The chief of the tribe at Huntingdon did the printing; the Hylite arrived the second school moon. From the signs and talk we concluded that the maidens and braves were pleased. "Shining Cloud" Summers and "Rain-in-the-Face" Latimer had trouble getting the clan together until a big pow-wow was held. A new chief in Bellwood agreed to print the news. This brought better results and much success—thanks to maidens and braves on staff and Squaw Dick as guiding spirit.

Student Council

This tribe is the largest organization in our tepee. It is composed of representatives from each clan who are elected at a special ceremonial in the fall. The Senior Clan sends one more member than the Junior Clan; the Junior Clan sends one more than the Sophomore Clan; and all other clans each send one member.

The purpose of the tribe is to improve the moral, scholastic, social, literary, athletic, and musical standards of the tepee.

At the end of the first moon in each school term the Big Chief and Little Chief are elected. Big Chief then takes over his duties, the first of which, is the appointment of braves and maidens to serve on the Great Council.

Ceremonies are held four times each moon. In case Big Chief is absent, Little Chief is in charge of the ceremony.

THE GREAT COUNCIL consists of:

Willis Keller	Big Chief
William Campbell	Little Chief
Ronald Raugh	Keeper of the Wampum
Joyce Moore	Keeper and Interpreter of Smoke Signals
Charles Latimer	Director of Tribal Dances
Julia Moryken	Promoter of Tribal Happiness
Kenneth Woodhall	Planner of Tribal Campaigns
Louise Houser	Director of Tribal Ceremonials
Andrew Moser	Supervisor of Tribal Trails and Warpaths

Traffic Committee

Near the end of the Junior moon, everyone begins wondering who will be the new members of the Traffic Tribe. These braves and maidens are appointed by the Administration and assume their duties the last few weeks of the Junior year.

When the Traffic Tribe, with its leader, Chief Andrew Moser, is on duty and enforcing the laws, no braves or maidens run and zip through the tepee, upsetting other members of this large reservation or knocking books out of their hands. The Traffic Tribe is especially watchful and keen sighted when directing all braves and maidens into the large council and show room where white men present a play or give a talk.

After eight moons pass and the old members leave the Reservation, new members will be appointed to take over the duty of guiding all braves and maidens through the tepee and around the white lines.

We wish the new Traffic Tribe heap much success.

The chanters got together for the first time in the big wigwam when Maiden Eleanor Miller returned the second school moon. Getting ready for the Christmas pow-wow kept the maidens and braves busy for many moons. Maiden Miller left at Thanksgiving to become Squaw Carr, and Brave Bonsell became chief. Squaws and braves of many tribes thronged to the wigwam to hear the chanters and left with many signs and talk.

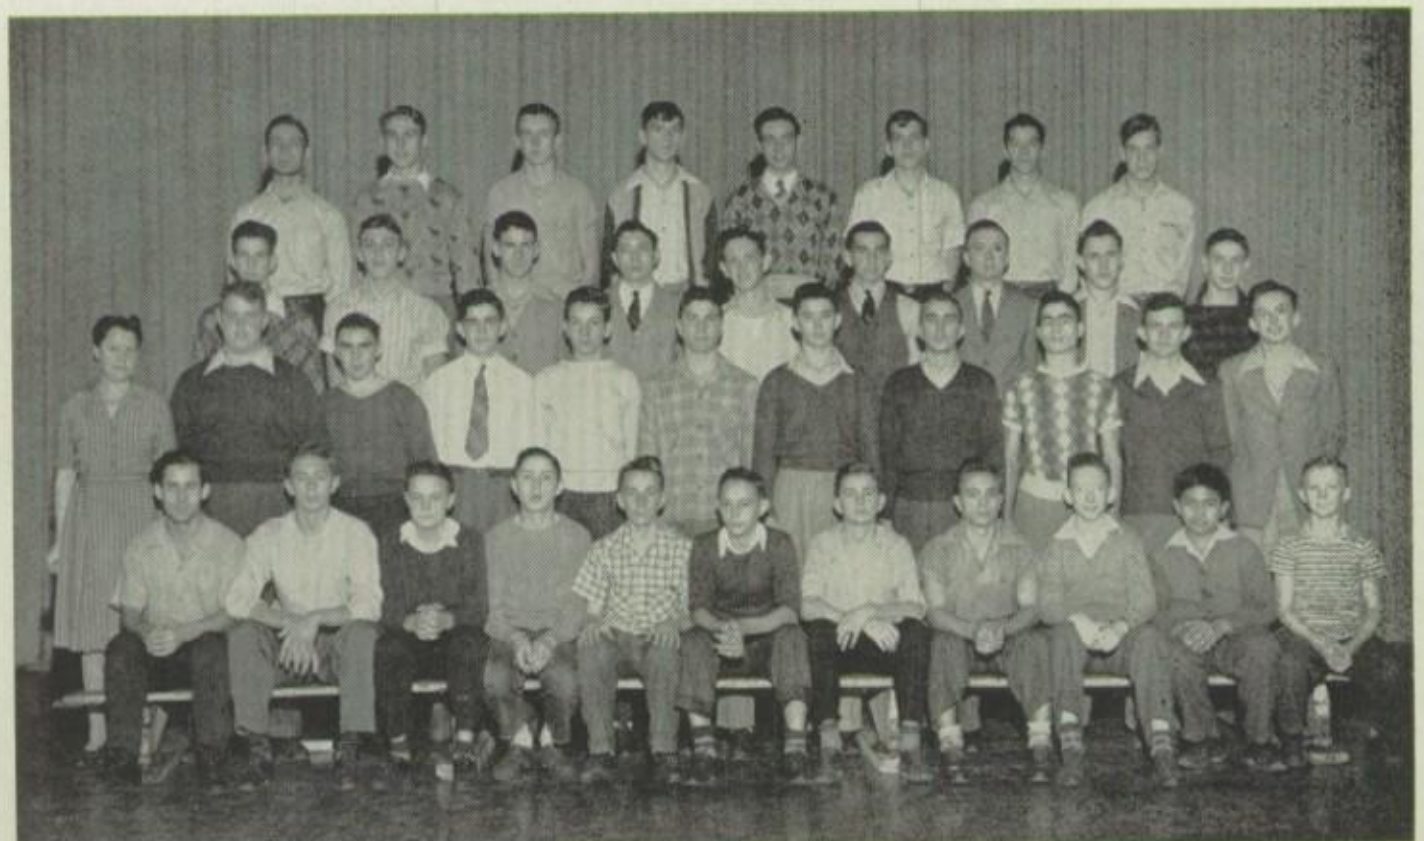

At the beginning of the new second sem-

ester Chief Jackson D. Blace arrived, prepared to take charge of the remaining pow-wows. By meeting groups of the chanters in Council rather than together Chief Blace made much headway. The Spring Concert presented by the chanters the last school moon brought heap much praise to Chief Blace and his tribe.

The Chief's main ambition is to present a choral program over the radio using a small group of these Chanters.

Band

As a marching unit, these braves and maidens can inspire the spirit of team and spectators alike by performing complicated drills, stirring music and added brilliance by the colorful display of Baton Twirlers and Flag Swingers. The Annual Spring Concert, directed by Chief Bonsell, provides an opportunity for the individual musician to improve his talents so that he may be able to participate in solo work, acquire a greater degree of proficiency and stimulate a desire for better Band music.

This year's training program has included the regular Band rehearsal three times a week, section rehearsals, class instruction and private lessons.

Orchestra

The Orchestra, with two practice periods a week, provides an organization for all instruments some of which are not employed by the Band. Braves and Maidens with considerable experience are chosen for this type of work.

The year's program consists of section rehearsals and private instruction on Orchestral instruments. The Orchestra functions at various school and community activities, and the Annual Graduation Exercises.

Mask and Wig

On the second Monday of every month about the time the moon comes up, the Seniors have a big pow-wow. Nearly all of the tribe gathers in the great wigwam with Maiden Daugherty in charge.

First comes silence, then comes a riot with a short sketch of a fish trade with white man. White man says, "Fish-beads" fish smell clear through Tepee Town and he will give only two beads.

At one pow-wow, the Maiden showed us how to use war paint when we have big shows. She chose "Rain-in-the-Face" Latimer and "Rosebud" Glasgow as examples. They looked like real totem poles when she finished.

There were charades which seemed very hard to guess. Many grunts and much sign language were used to give us ideas.

Another night the tribe had a great time when an old melodrama was composed. We had much fun and uttered many giggles.

The final meeting was the night try-outs were held for the Senior Play. Everyone was nervous, but there was never a dull moment.

About the time the north dipper is directly above the wigwam at each night of a meeting, a great feast is given by a group of warriors. All fill their tummies full!

How do warriors obtain chow for feast? They must catch wampum from each maiden and brave.

The tribe vows with each pow-wow that it will always smoke the peace pipe and will remember these pow-wows for a long time to come.

It is quite a task to be a Stage Brave who helps with the big shows. We set the stage for the medicine men, and the big-show of the white men, in fact, even clean up after the white men. The big wigwam is very hard to clean and it takes time, but we braves never time. Not only do we clean, but we must time the acts carefully in order to pull the heavy curtain on the dot. We regulate the lighting system; but, best of all, we get to see the shows from backstage. All braves work together and thus get much accomplished.

At shelves and table, (left to right): A. Bruner, V. Moyer, E. Roub, F. Miller, K. Rothenberger, V. Smith.

The Library is a busy place with Mrs. Barnhart as Counselor. Chief of this tribe is Dean Williams and assisting him is Raymond Flaugh. Keeper of the minutes is Frances Miller and Keeper of the wampum is Thomas Markley. The maidens and warriors of this tribe meet once every moon. Anyone wishing to become a member is voted in by the old members. This limits the membership. Several hours are spent in this hunting ground by every member each week arranging cards, books, and keeping our library neat.

Royal Order of Homemakers

Early in the first moon of school, some thirty-five domestic-minded maidens met and organized the R. O. H. for its second season. With Maiden Hoover as counselor, these leaders were chosen: Betty Shaner as chief, Wilma Park as assistant-chief, Janet Lovell to keep records, and Alice Otto to handle the wampum.

The tribe met the third Monday of each moon and had many other activities aside from business. First, a very unusual ceremony was held to initiate new members into the tribe. Other activities included a debate on consumer problems, a Christmas party, and studies of etiquette, and home life in other lands. The season terminated with the annual party for the eighth-grade girls—to help them in selecting a course and to tell them about the home economics course.

Most important of events was the joining of the national clan, "The Future Homemakers of America." The R. O. H. maidens are now wearing the pin of this organization, which symbolizes the youth of America holding the future homes in their hands. The motto of this national clan is "Towards new horizons," and its members work toward higher degrees of membership.

The aim of the Royal Order of Homemakers is to promote good fellowship and greater understanding among members; its motto, "Good, better, best, never let it rest, until the good is better, and the better-best." The symbol is the rainbow—each color holding a special meaning: blue for character, yellow for wisdom, red for health, lavender for beauty, and orange for service. Its flower is the yellow tea rose, and its colors are red and white. The R. O. H. is a tribe of which Bellwood-Antis can be proud.

Girl Reserves

Senior High

During the first part of October a new tribe, consisting of one-hundred fifty members, was formed in our tepe for the Junior and the Senior High girls.

The counselors of the group are Maiden Holtzinger and Squaw Barnhart.

A moon later these maidens were chosen to lead the tribes:

Chiefs:

Patty Wasson Joline Moore

Assistant Chiefs:

Hermie Espigh Ann Summers

Keeper of Records:

Maxine Long Carolyn Chelgren

Keeper of the Wampum:

Polly Jo Trego Stella Nanouski

Council Representatives:

Helen Wise Shirley Ort

These maidens were introduced to the rest of the tribe at a social pow-wow served by the Girl Reserves of Altoona.

All facilities of the Y. M. C. A. and Y. W. C. A. are available for the maidens in Altoona. Joint parties with the Hi-Y boys, brother Indian tribe from the Y. M. C. A., are sponsored every moon. Summer camps will renew the Girl Reserves' interest in the outdoor life of her forefathers.

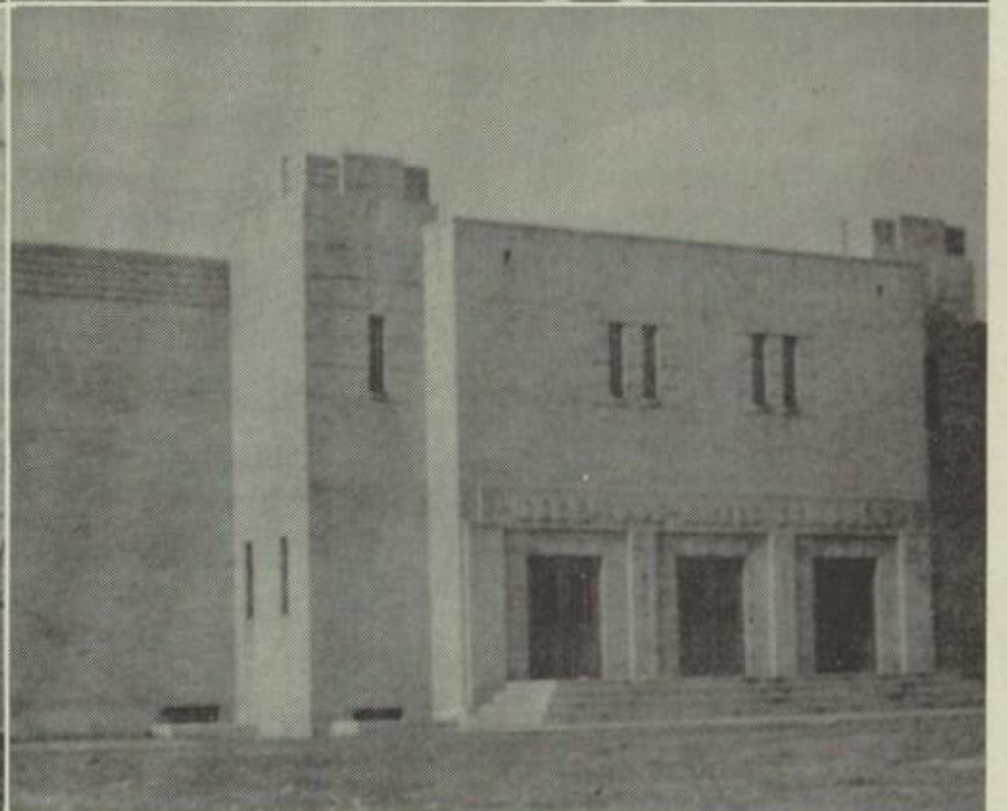

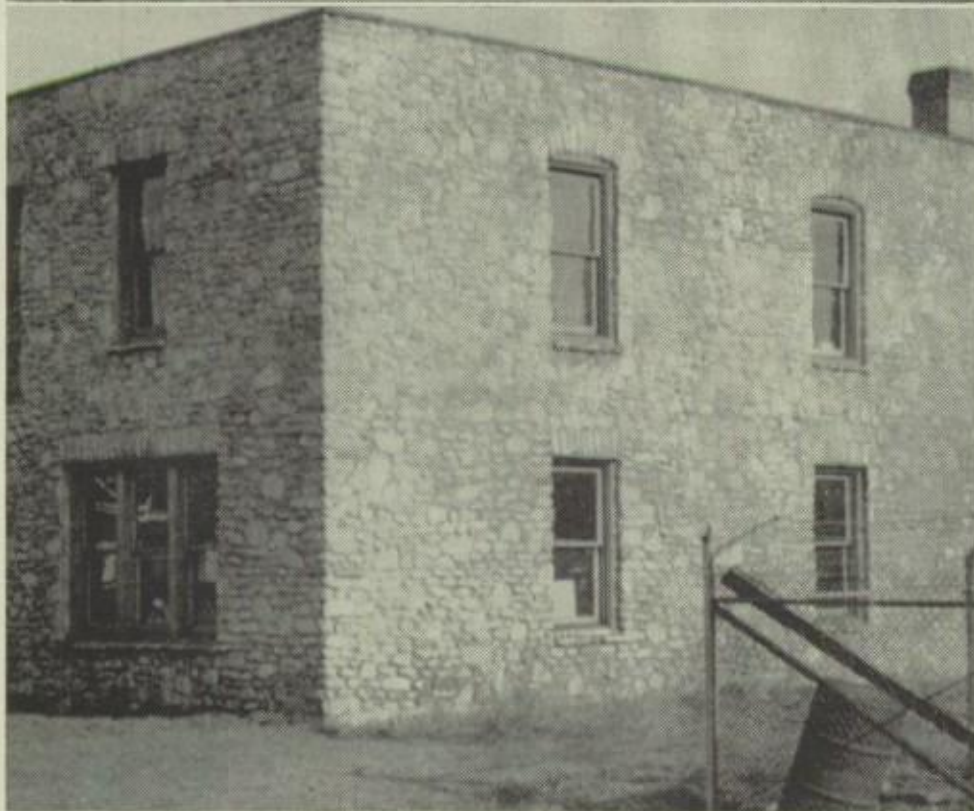

This is the high school branch of the Y. W. C. A. and gives every maiden a chance to be active and enjoy life with other maidens of her tribe and neighboring tribes.

Many social events, which the early spring and end of school term favored, were sponsored by the new tribe. It is hoped that this group will be permanent in our tepee.

Path of Glory

In the year of "45" as that of "44" and "43", we hear again the story entitled "A Coach's Dream Comes True." We are referring to Coach "Duke" Burkholder and his high spirited "Blue Devils," Champions of two grid conferences, namely Western 'B' and Inter County Conference.

According to all records of Bellwood-Antis, the Blue Devils this year were the best-all-around team in the history of the school with a record of eight wins, one tie, and one loss. Strangely enough, the team began the season with a 14-19 loss to Tyrone—result: "moral victory."

After this defeat, changes were made to strengthen the weak points and many strenuous days of practice and scrimmage followed. Then came the Bigler Township game which was played September 15, at the home field. Some improvement was shown in this game as the blue Devils downed Bigler Township by a score of 21-7. Still remembering the 14-19 score at Tyrone, the Blue Devils toured to Jersey Shore with blood in their eyes. This game being played on a muddy Jersey Shore field on September 28, accounts for the 6-6 tie in the Blue Devils record of the year.

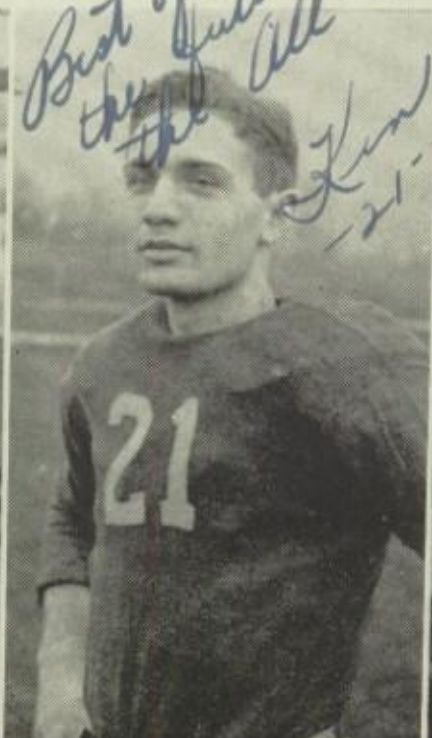

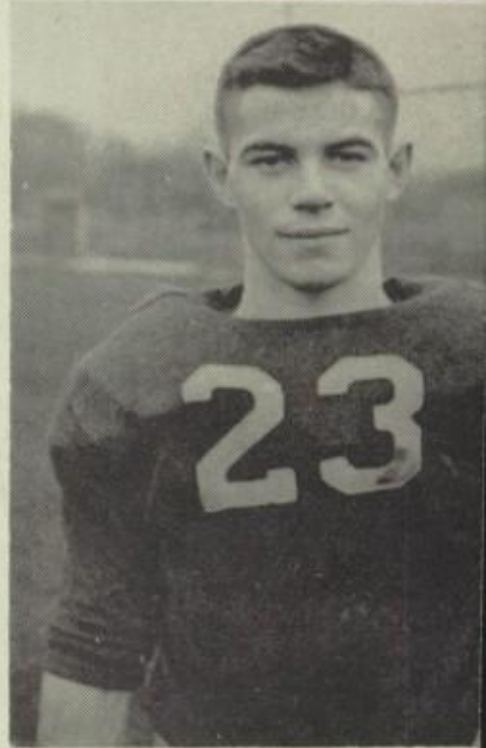

From this game on, no team could stop the "Passing Fools" of Bellwood-Antis. The next game was played at Saxton-Liberty, the first conference game of the season for the Blue Devils. The final score was 28-0, in favor of the Blue Devils, blazed a path to two conferences never to be forgotten in our district. The game scheduled October 13 with Mill Hall was cancelled due to a reason never mentioned.

October 20 marked an evening never to be forgotten by the Blue Devils. This was to be the first game played under the hard-earned lights of the Bellwood-Antis Memorial Field. The victim of this christening was that of Claysburg, losing to the Blue Devils by a score of 34-6. The game following Claysburg was with Roaring Springs, arch rival of Bellwood-Antis for many grid years. This game resulting in victory for B. A., a hard-fought, well-earned game with a final score of 14-7. The Williamsburg game was not much to talk about except for the statement "Bellwood Blue Devils Score on Williamsburg"—60-0.

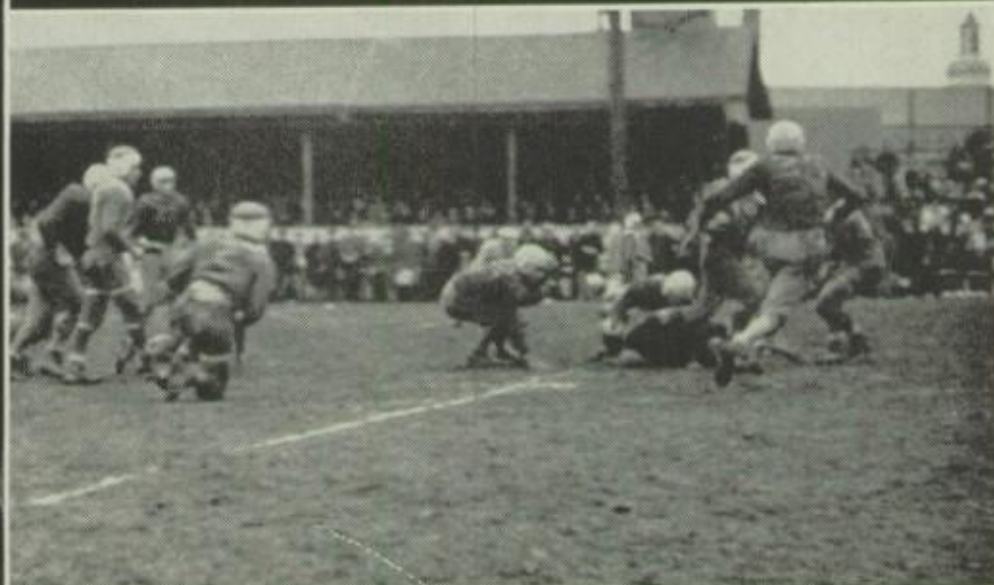

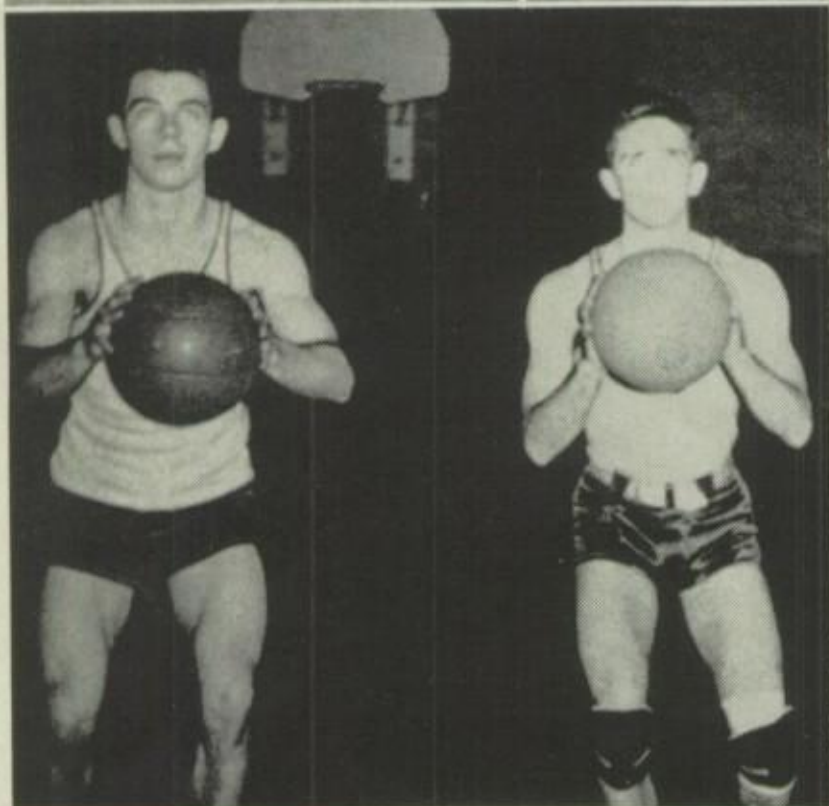

Last, but not least, comes the most thrilling game of the season with Altoona Catholic touring to the home field for what they thought a sure victory, but returning home dragging their tails behind them. Altoona Catholic led first half 6-0, the Blue Devils came back to win by a score of 25-6 indicating heads-up-football the second half.

By defeating Roaring Springs, Saxton, Claysburg, Bigler and Williamsburg, the Burkholder Gridsters won the Eastern Section of the Inter-County Conference and the honor to play Beaverdale, winner of the Western Section of the Conference. This game was played on the neutral Dysart Park Field in Hollidaysburg. Although the field was literally a sea of mud, the "Passing Fools" lived up to their name with "Ken" Woodhall pitching muddy strikes into the hands of his steady receivers: George Cody, Jack Kustaborder, Paul Garrahan, Dick Thomas and Ronnie Raugh. B. A.'s running attack, though being slowed down due to the muddy field, still gained consistently, mainly because of the hard-blocking Red Keller paving the way for the ball carriers, Raugh and Kustaborder. The game with a score 19-12 in the "Blue Devil's" favor ended the greatest season in B. A.'s History on the Gridiron.

To sum up this "Path to Glory," our own Athletic Association co-working with the Bellwood American Legion gave the Football squad a banquet which will long be remembered. Thus ends the story of a great football team made up of a great gang of fellows.

The ones chosen for the chief warriors are:—
